

An Evening with Ada

Tuesday, 14. December 2021 at 18:45

Audimax and live on Zoom

We invite you to an evening with Ada Lovelace (10.12.1815–27.11.1852) – a great English mathematician and the first computer programmer who wrote an algorithm for the early computing machine conceptualized by Charles Babbage. A woman whose creativity, hard work and persistence changed the world.

The programme includes:

- An **intro lecture about Ada Lovelace** by mathematician Dr. Sebastian Krapp
- **Screening of Ada (2019)** – Winner of Beyond Time Genre Awards 2021 (best historical film), Global Shorts, Los Angeles 2020 (Award of Excellence – Short Film), Stage 32 Short Film Competition 2021 (Grand Prize – Best Short Film) and more
- **Panel Discussion** with movie director **Steven Kammerer** and leading actress **Julie Bruns**

In order to register for online screening and receive access credentials please send an e-mail to:
